

IDB LAB TASK 4

```
1) CREATE TABLE Student (  
    STUDENT_ID VARCHAR(20),  
    STUDENT_NAME VARCHAR(30),  
    MARKS NUMBER,  
    GRADE VARCHAR (4)  
);
```

The screenshot shows the Oracle SQL Developer interface. On the left, a 'Tables' tree view lists several tables: BONUS, DEPT, EMP, PERSONS, SALGRADE, and STUDENT. The 'STUDENT' table is selected and highlighted in green. On the right, the 'STUDENT' table's structure is displayed. It includes tabs for Table, Data, Indexes, Model, Constraints, Grants, Statistics, and UI Defaults. Below these tabs are buttons for 'Add Column', 'Modify Column', 'Rename Column', 'Drop Column', 'Rename', and 'Copy'. The main area shows a table with the following columns: Column Name, Data Type, Nullable, Default, and Primary Key. The rows are: STUDENT_ID (VARCHAR2(20), Yes, -, -), STUDENT_NAME (VARCHAR2(30), Yes, -, -), MARKS (NUMBER, Yes, -, -), and GRADE (VARCHAR2(4), Yes, -, -). At the bottom right, it indicates '1 - 4'.

Column Name	Data Type	Nullable	Default	Primary Key
STUDENT_ID	VARCHAR2(20)	Yes	-	-
STUDENT_NAME	VARCHAR2(30)	Yes	-	-
MARKS	NUMBER	Yes	-	-
GRADE	VARCHAR2(4)	Yes	-	-

```
2) ALTER TABLE Student ADD(  
    REMARKS VARCHAR(10));
```
